FOUNTAINS

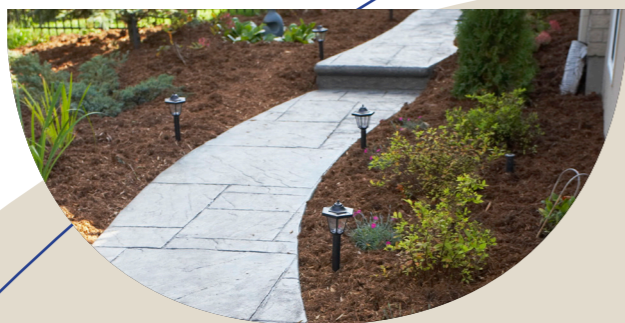

WATER BOWLS

CASCADE WATERFALLS

WATER BUBBLERS

JUMPING ROCK WATERFALLS

HARDSCAPING

PAVERS

Pavers are available in a variety of different colors, materials, and finishes to complement your landscape. Pavers can be assembled modular, freeform, to accommodate a design, and more.

STAIRS/WALKWAYS

Modern & Rustic Stone • Stepping Stones • Patio Slabs

Whether your design calls for organic structures or sleek modular entries, we'll ensure you get where you need to go in style.

RETAINING WALLS

Installing a retaining wall prevents materials like soil and debris from running down the slope and into your pool or onto the deck or patio. Backyards with a particularly high slope are at a much higher risk of eroding over time, so a retaining wall is essential to ensuring your piece of paradise stays intact for the lifetime of your home.

DECKS/PATIOS

Adding a deck or patio can be essential to creating a comfortable space. We help you choose the building elements that are structurally sound and complement the your design.

FIREPITS

Cozy up by the fire with a firepit, burner, or firebowl addition. Classic and unique colors, materials, and finishes are available to harmonize with other hardscaping features. Choose from wood-burning, propane, or natural gas.

STRUCTURES

It's the added structures, build-ins and amenities that make all the difference. Outdoor structures can quite literally, take your backyard to the next level. Consider your staycation space as an extension of your home; you should want to feel just as comfortable, accommodated, and safe in this area as you do inside.

BACKYARD STRUCTURES

Pergolas | Sundecks | Fencing

POOL HOUSES BUILD-INS

Storage | Amenities

OUTDOOR KITCHENS

Brick or Grill Oven | Full Kitchen

LANDSCAPING

Breathe life, color, and vibrancy into your space. We offer landscaping that is conducive to your new backyard layout, as well as 'support and care' documentation so you're able to maintain your landscaping choices for years to come.

PROJECT TIMELINE

Building a complete oasis is a considerable undertaking. Your yard will become a construction project. However, the final end-product will be the backyard of your dreams and well worth the process.

1 Initial consultation
Meeting with Designer and Client at Client's home. Ideas shared for Designer to render a design and quote, potential land survey.

2 Two weeks (approximately) for full quote and design rendering
Partial quotes are available sooner upon request.

3 Contracts signed

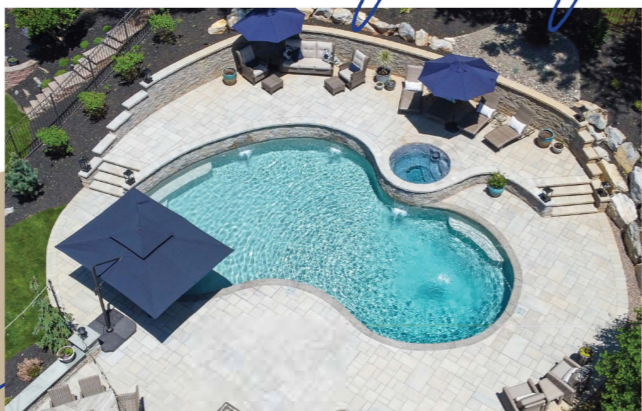

- Design rendering and quotes are approved
- First payment made
- Applications for permits filled and submitted

4 8-12 week construction*
**Timing can be dependent on scope of project, weather, and potential factors outside of our Team's control.*

5 Finalization

- Landscaping wraps-up
- Final payments made
- Pool/Hot Tub orientations and all documents are provided by Fox Pool & Spa

Designing your Pool

STANDARD & CUSTOM POOL SHAPES

Standard and custom pool kit products are manufactured with precision and durability from our Parent Company, Fox Pool. We can take essentially any design/freeform shape you envision, and turn it into a feasible drawing for our Builders.

CONCRETE DECKING/ SUNDECK

Consider the overall finish of the area surrounding your pool. All standard Fox Pool & Spa Services pool builds include a 3' concrete walkway with broom finish. Additional decking/coping options are available per preference and design.

ENTRYWAYS & COPING

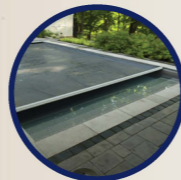

Fox Pool & Spa offers entryways in White or Solid Gray thermoplastic steps, or 14-gauge steel customizable for any size and shape. Coping protects and adds a beautiful visual element to your pool.

VINYL LINERS

All Fox Liners are made with precision to meet the exact size specifications of your pool. We offer a variety of patterns and colors to help match the aesthetic of your surrounding landscape.

COVERS

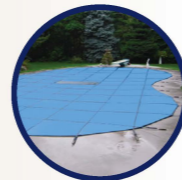

AUTO COVER 365

- Up to 75% savings in heating costs
- Reduced chemical use, less cleaning
- Less water evaporation
